

TAKS Objective 7
TEK G.6B
Tutorial
(Grade 11)

...use nets to represent three-dimensional
geometric figures.

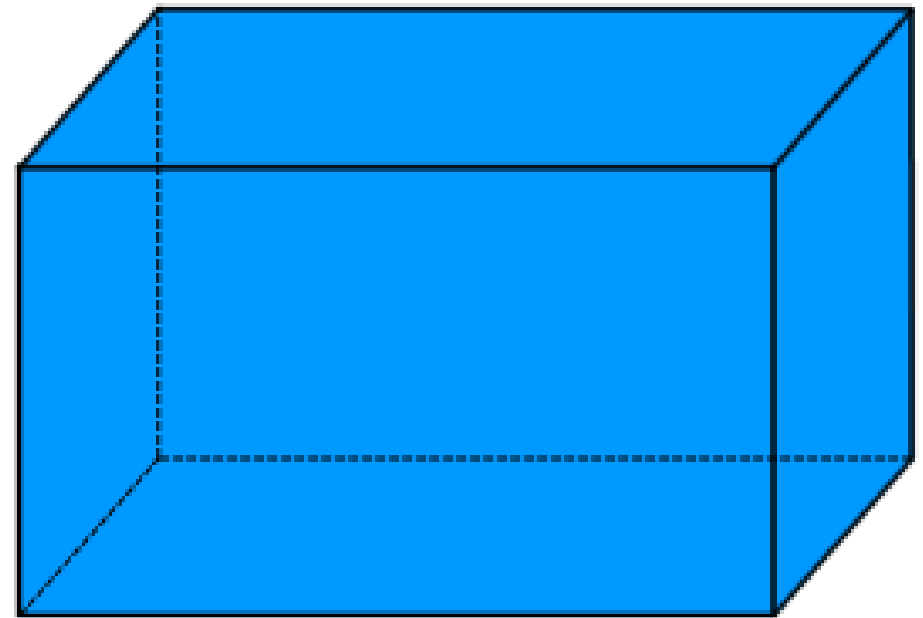

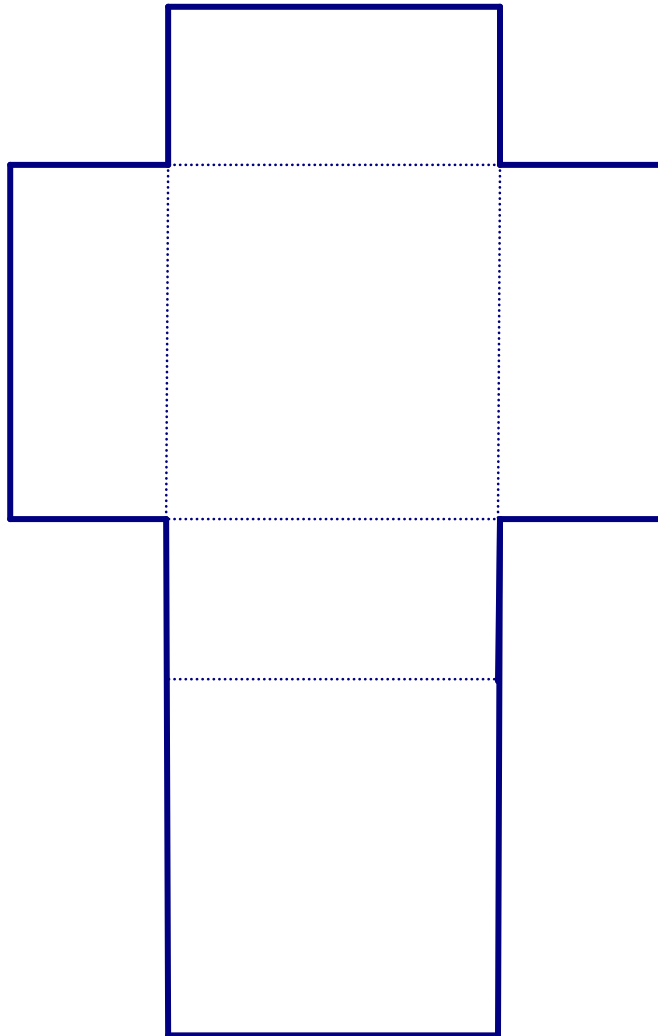

Nets and Their Models

Cylinder

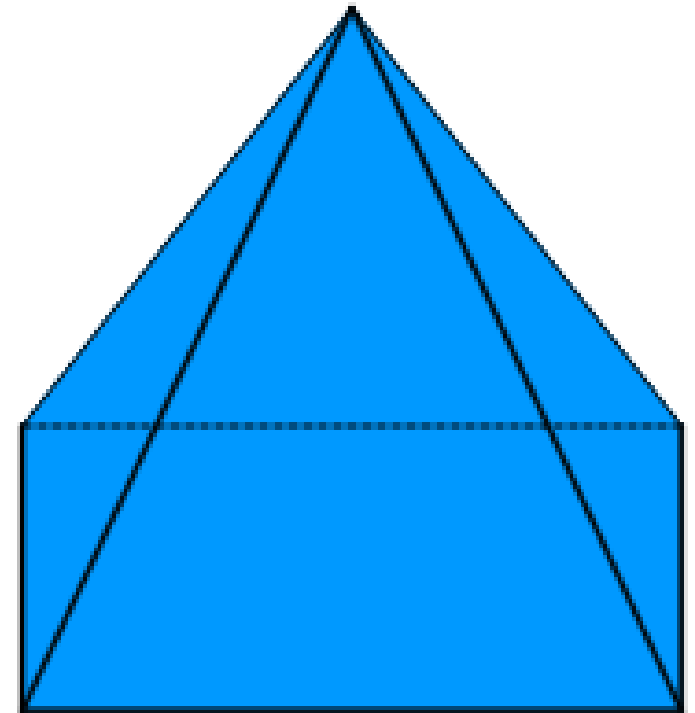

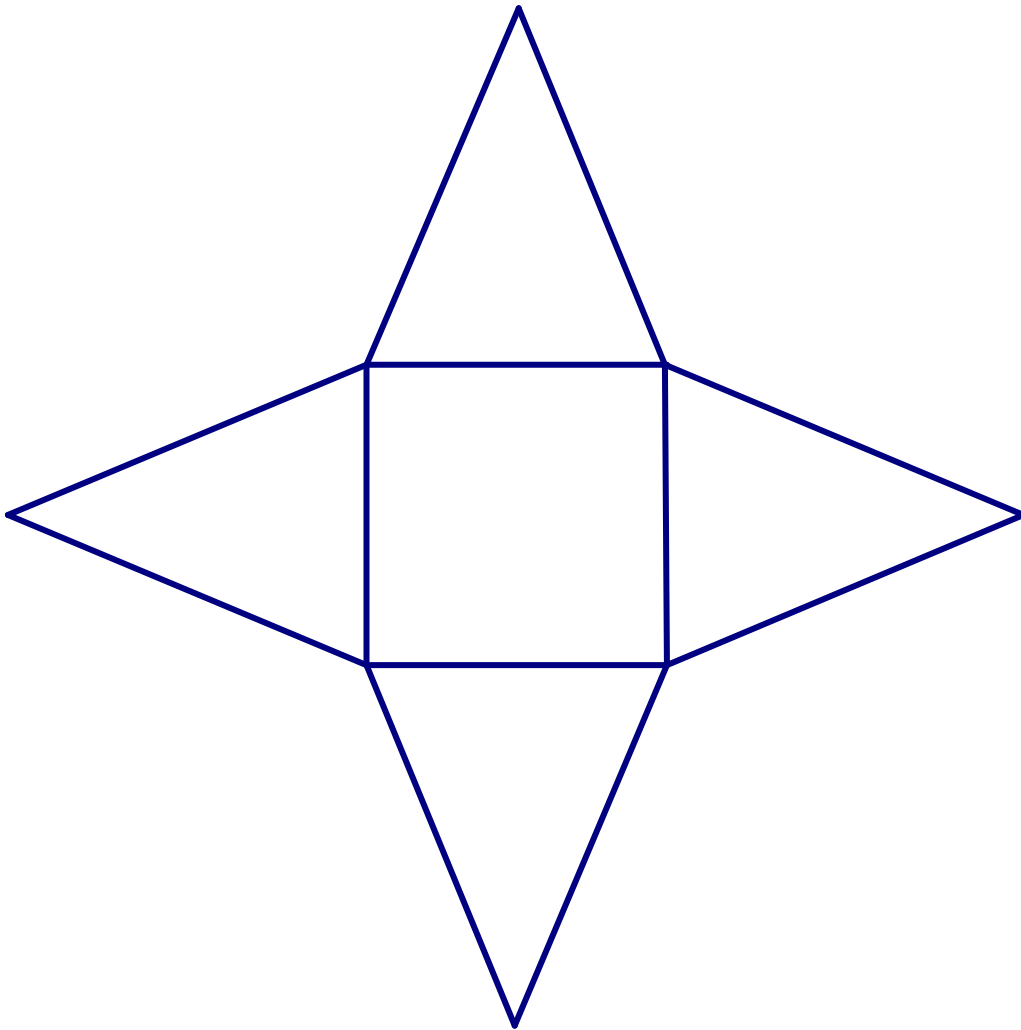

Nets and Their Models

Rectangular Prism

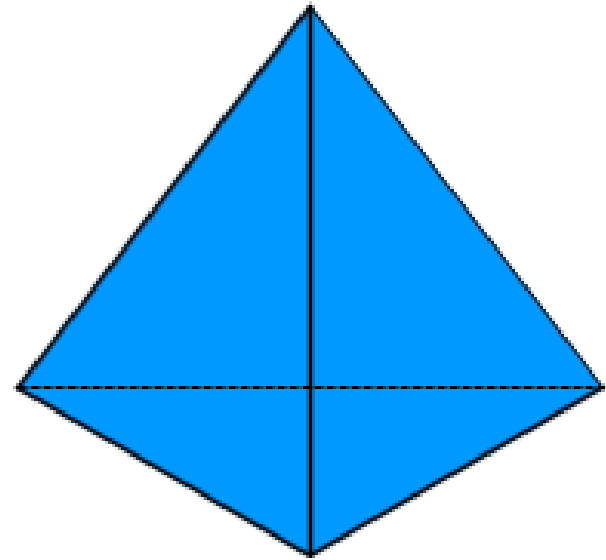

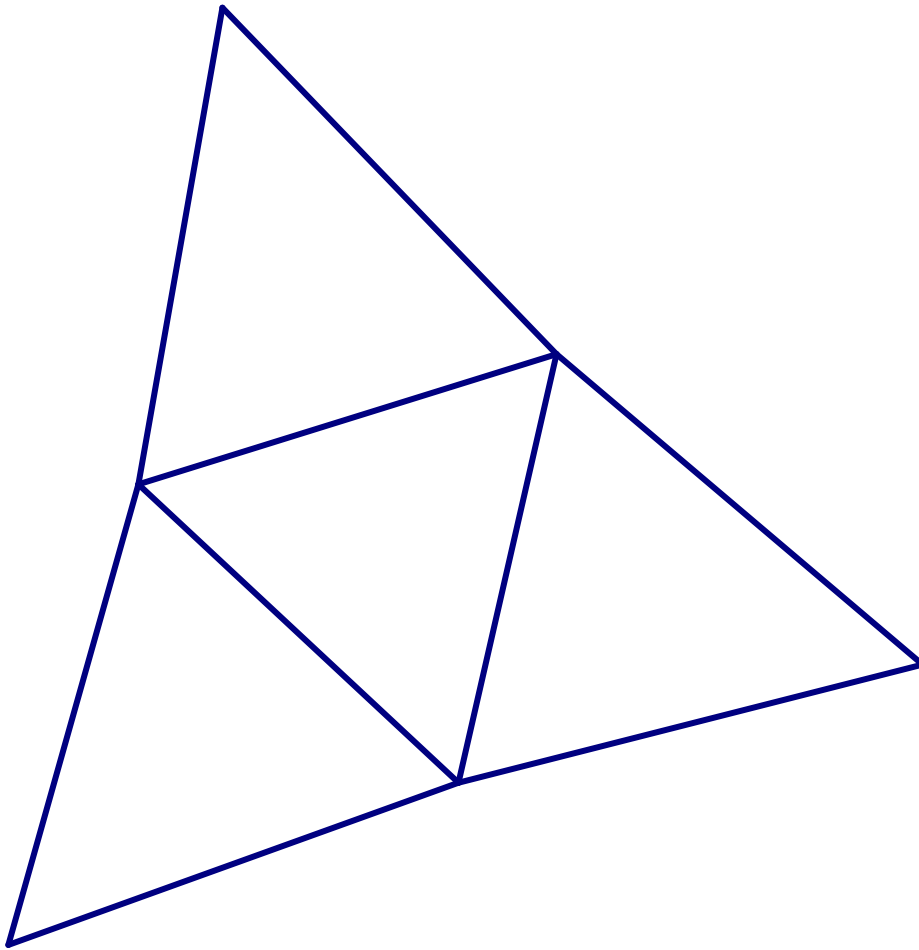

Nets and Their Models

Rectangular Pyramid

Nets and Their Models

Triangular Pyramid

In looking at nets of 3D figures,
make sure that the side lengths
and angles match up.

On the previous pages, some of my
figures did not match up well.
That will *not* be the case on the
TAKS test.
